Wow 24
 days until Christmas Eve,
 so excited as usual, to see lots of smiles from my family,
 I got to eat lots of different snacks and Turkey!!
 We all love turkey don't we!

I remember last year after all the excitement and
 all the food most of us spent the afternoon in front
 of the fire, bliss it was. All happy and content even if I was to warm.

But this year something is different I can feel it,
 I don't think I've been bad or caused any problems
 and I'm always happy to see everyone.
 We've not moved house, daily routine not really changed...
 But I'm sure I overheard someone talking about me.

Got rid,
 some things have changed and gets on with others,
 are just a few things I heard...

Getting scared now
 What's happening
 I think I've got to leave soon
 But why???
 You're my ...
 Family
 You're all I know
 Please don't
 Love the dog

The festive season has now come to an end but let's not forget it wasn't party time for a lot of bulldogs as they are still awaiting their forever homes and although the foster families have given them presents and love nothing can beat your own home with your own special person who loves you let's make 2016 an incredible success For bulldogs who need that special person or family in their lives.
